KFIR
2000

Multi-Role Fighter: Fierce and Flexible

Discover how a proven fighter has been modernized to be a winner once again. Featuring the latest generation of avionics and a newly configured glass cockpit, the Kfir 2000 incorporates the unmatched experience and know-how of the Israeli Air Force as well as of IAI's LAHAV - the world leader in fighter upgrading.

The Kfir 2000 offers:

- Advanced tactical awareness and capabilities
- State-of-the-art radar
- Beyond visual range capability
- Missionized glass cockpit
- Modern HOTAS-based configuration
- Accurate weapon delivery
- Precision navigation

See how the ace fighter - the Kfir 2000
can meet your toughest challenges.
