

BIRDEYE 650D

Small Tactical UAS

BIRDEYE 650D

Small Tactical UAS

GENERAL

Advanced long endurance SMALL TACTICAL UAS, providing real-time day/night imagery data for urban operation and over-the-hill intelligence.

MAIN FEATURES AND CAPABILITIES

- Wide coverage, stabilized day/night payload and moving target tracker
- Multiple payload capability
- Fully automated and autonomous flight
- Very low visual and noise signature
- Unique safety fail-safe recovery system

TYPICAL MISSIONS

- Reconnaissance
- Urban Operation
- Counter-terrorism
- Law Enforcement
- Patrol and Convoys Escort
- Radio Relay

PERFORMANCE

Mission Radius	150 km
Endurance	> 15 hr
Ceiling	> 15,000 ft
Loiter Speed	40 kts
Max. Speed	80 kts

TECHNICAL DATA

Max. Takeoff Weight (MTOW)	36 kg
Max. Payload Weight	8 kg
