U.S. Government Provisions and Clauses for Orders under U.S. Government Contracts

1. General

- 1.1 In any event of a conflict between any terms and conditions applicable to a Purchase Order, the following order of precedence shall govern:
 - (a) if this Purchase Order is issued pursuant to a Long Term Agreement (LTA) signed between the parties relating to the goods purchased under the Purchase Order, the terms of the LTA;
 - (b) the terms of this Flow Down Requirements document; and
 - (c) the IAI Standard Terms & Conditions of Purchase.
- 1.2 While IAI (hereinafter: "Buyer") has made every effort to include every potentially applicable U.S. Government Contract Clause in this document, U.S. Government Contract Clauses, the inclusion of which in a subcontract is mandatory under a statute or regulation, shall be considered to be included by operation of law, even if it has been omitted from the Order.
- 1.3 Supplier shall incorporate the applicable U.S. Government Contract Clauses in each lower-tier subcontract placed in support of this Order.
- 1.4 Supplier shall indemnify and hold Buyer harmless from and against any cost, price reduction, withholding, offset, penalty, interest, claim, demand, determination of unallowability or unallocability, or any other civil, criminal, or administrative liability, whether arising under statute, regulation, contract or common law, and shall reimburse Buyer for all of its damages and associated costs, including reasonable attorney fees and other expenses, if said liability is attributable to the Supplier or Supplier's subcontractors' failure to comply with the applicable U.S. Government Contract Clauses.
- 1.5 Notwithstanding any other provisions in this document, Supplier shall comply with, and shall support Buyer's compliance with, any applicable U.S. Government procurement regulations and policies, including (but not limited to) those concerning furnishing and certifying the currency, accuracy, and completeness of cost and pricing data for the Goods/Services. Supplier agrees to furnish cost and pricing data certified as to currency, accuracy and completeness every three (3) years, or as frequently as required by Buyer's Customer. To the extent the prices under the Agreement and/or Order for the Goods/Services are at any time not supported by Supplier's cost or pricing data, Supplier agrees to negotiate fair and reasonable prices for the Goods/Services and to incorporate such prices in the Agreement and/or Order. In no event shall any renegotiated unit price for any of the Goods/Services exceed the unit price incorporated herein for such Goods/Services.

2. Price Reduction for Defective Cost or Pricing Data

The following provisions shall apply to all Orders for which Supplier is required to submit cost or pricing data pursuant to the Truth in Negotiations Act ("the Act"). A "determination" by Buyer's Customer means a final decision of a Government Contracting Officer or the withholding of money, reduction in any cost, price or fee from Buyer by a customer based on an alleged failure of Supplier or its subcontractors to comply with the Act.

- 2.1 Supplier shall reimburse Buyer for any loss or damage in the event that Buyer's Customer makes a determination pursuant to the clause(s) in, or required to be in, Buyer's Prime Contract related to the Act or its implementing regulations because: (i) Supplier or a subcontractor of Supplier failed to furnish cost or pricing data, including any requested data, that is required under the Act or its implementing regulations; or (ii) Supplier or subcontractor of Supplier furnished cost or pricing data that was not complete, accurate and current as certified, or as required to be certified, in the Supplier's or its subcontractor's certificate of current cost or pricing data.
- 2.2 The sums paid or payable to Supplier under this Order may be reduced or setoff in the amount by which the sums received or receivable by Buyer from Buyer's Customer (including, but not limited to, the allocable share of Buyer's indirect costs and profit or fee) are reduced based upon such determination.
- 2.3 If an appealable decision is made by a Contracting Officer of the U.S. Government relating to cost or pricing data required to be submitted, or actually submitted, by Supplier or a subcontractor of Supplier, such decision shall be conclusive upon Supplier, unless Buyer, in its sole discretion, gives Supplier the opportunity to appeal such decision in the name of Buyer. Any such appeal brought by Supplier in the name of Buyer shall be at the sole expense and responsibility of Supplier. If Supplier is given the opportunity to so appeal and elects to do so, Supplier shall, upon Buyer's written request, provide to Buyer advance copies of papers to be filed in such appeal and such other information, consultation and opportunity to participate in the appeal as Buyer may reasonably request. Supplier shall be conclusively bound by any decision of any such Board of Contract Appeals or Federal Court.

3. Inspection of Books and Records

- 3.1 Supplier agrees that its books, records and facilities, or such parts of its facilities as may be engaged in the performance of this Order, shall at all reasonable times be subject to inspection and audit by Buyer or any authorized representatives of the U.S. Government.
- 3.2 Supplier hereby grants to Buyer the right to examine its books, records and data which will permit the adequate evaluation of cost and pricing data used to arrive at the price quoted in this Order (including without limitation claims/proposals submitted pursuant to the Clauses entitled Changes and Termination for Convenience).
- 3.3 Supplier hereby grants to Buyer the right to conduct audits of Supplier's premises, records, data and documentation pertaining to: quality, inspection and testing of Goods; security and data protection procedures; ethical practices; and, any other requirement or obligation, under this Order.

Technical Data and Computer Software Ownership and License Rights.

- 5.10 Supplier acknowledges and agrees that the rights in Technical Data and Computer Software to be granted to the Government will be determined in accordance with the regulations set forth in FAR Part 27 and DFARS Part 227 based upon the specific Technical Data, Computer Software and Goods to be performed under this Order and the assertions of restrictions on use, release or disclosure of Supplier's Intellectual Property that are provided to Buyer for delivery to the U.S. Government. Supplier grants licenses to the Government as required to be granted in DFARS 252.227-7013, 7014, 7015, 7016 and 7018, for Technical Data and Computer Software acquired, created or delivered to Buyer in the performance of this Order.

- 5.17 Supplier represents and warrants that Supplier has sufficient rights in all Intellectual Property that Supplier uses or transfers to Buyer in connection with this Order to allow Supplier to lawfully comply with this Order. If, in the performance of this Order, Supplier incorporates third party Intellectual Property into the Goods, Supplier shall obtain for the Government and the Buyer license rights equivalent to those granted by Supplier herein.
- 5.18 Except as expressly authorized herein, nothing in this Order shall be construed as Buyer granting Supplier a license in or any right to use any of Buyer's Intellectual Property other than in the performance of work under this Order.

Data Assertions and Markings

- 5.19 Supplier shall properly identify and assert the Supplier's rights in Technical Data and Computer Software delivered to the Government with other than Unlimited Rights in conformance with the applicable Government Acquisition Regulations. For assertions made subsequent to the effective date of this Order, the Supplier shall describe why the assertion is an inadvertent omission or new information before the Buyer will submit such assertions to the Government. Supplier shall properly mark all Technical Data and Computer Software that Supplier delivers to the Buyer in connection with this Order. Supplier represents and warrants that it has written procedures and maintains records sufficient to justify the validity of all restrictive markings.
- 5.20 If the Supplier's assertions do not comply with the applicable Government Acquisition Regulations, the Government rejects the Supplier's assertions, or the Supplier does not correctly mark Technical Data or Computer Software, the Buyer assumes no responsibility or liability for any loss of rights by the Supplier. Supplier is responsible for ensuring that markings and assertions are consistent. If the markings and the assertions are inconsistent, Buyer may submit such inconsistently marked Technical Data or Computer Software to the Government and the Supplier assumes the risk of loss of rights. In the event the Government rejects the Supplier assertions, Supplier agrees to work diligently with the Buyer to immediately correct such rejections such that there is no negative impact to Buyer's delivery obligations under the Prime Contract.

7. U.S. Government Contract Clauses Incorporated by Reference

- 7.1 The clauses listed below are incorporated by reference herein and in this Order, as applicable, with the same force and effect as if they were given full text and notwithstanding the requirements of FAR 52.102. If there is a conflict with or addition to a clause in effect on the Order date and a clause of the Prime Contract, the Prime Contract clause shall govern. The full text of these clauses can be accessed on the Internet at <http://farsite.hill.af.mil/vffara.htm> and <http://www.acq.osd.mil/dpap/dars/dfars/index.htm>
- 7.2 The clauses listed below may require the submission of certifications and representations. When requested by Buyer, Supplier shall furnish any certification or representation that Buyer determines is necessary for compliance with such requirements.
- 7.3 Whenever necessary to make the context of the clauses applicable to this Order, the term "Contractor" shall mean Supplier, the term "Contract" shall mean this Order, and the term "Government", "Contracting Officer" and equivalent phrases shall mean Buyer, except the terms "Government" and "Contracting Officer" do not change: (a) in the phrases, "Government Property", "Government-Furnished Property", and "Government-Owned Property", (b) in the patent clauses incorporated herein, (c) when a right, act, authorization or obligation can be granted or performed only by the Government or the Contracting Officer or a duly authorized representative, (d) when title to property is to be transferred directly to the Government, (e) when access to proprietary financial information or other proprietary data is required except as specifically otherwise provided herein, and (f) where specifically modified herein. All references to the clause entitled "Disputes" and all references to the "Disputes Clause" in any clauses referenced herein are deleted.
- 7.4 The term "FAR" means the Federal Acquisition Regulation and the term "DFARS" means the Department of Defense Supplement to the Federal Acquisition Regulation as in effect on the date of this Order.
- 7.5 If the Supplier is furnishing Goods or Services that qualify as a "commercial item" under FAR 2.101, upon request, Supplier shall provide relevant documentation to support Supplier's assertion that its Goods or Services satisfy the definition of "commercial items" under FAR 2.101. Further, Suppliers of commercial items agree to all additional clauses in Buyer's high tier contract necessary for Buyer to satisfy its contractual obligations as they relate to this Order.
- 7.6 It is recognized that there are clauses incorporated herein by reference, whose applicability is conditioned upon, inter alia, such factors as price, and the nature of and location where work is performed. Thus, it is understood and agreed that each such clause is incorporated in this Purchase Order only to the extent that it is applicable; any inapplicable clause shall be deemed self-deleting. This understanding makes express deletion of the inapplicable clause reference unnecessary. Notwithstanding the foregoing, it is to be noted that there are clauses incorporated herein by reference which, although not specifically applicable to the portion of work under this Purchase Order being performed by the Seller, may nonetheless be appropriate and required to be flowed-down to an agreement entered into between the Seller and a lower-tier subcontractor/supplier with respect to tasks to be performed by said lower-tier subcontractor/supplier under this Purchase Order.
